Title: Program Manager

### **About Prerana:**

Prerana is a civil society organization that started its work in 1986 by addressing the issue of intergenerational trafficking in the sex trade in Kamathipura, the then-largest red-light area in Asia. Prerana strives to ensure the optimum protection of children. This is reflected in the broad spectrum of interventions that provide a continuum of care by addressing issues of child sexual abuse in parallel with anti-human trafficking. Since its establishment in 1986, Prerana's pioneering efforts have been instrumental in supporting victims through the entire cycle from prevention to repatriation. Over a period of three decades, Prerana has been successful in addressing larger issues around sex trafficking, gender-based violence, child sexual abuse, and child protection and has been instrumental in bringing policy-level changes through their strong advocacy.

### **Sanmaan:**

Project Sanmaan (meaning honor) started in 2016 with the aim to enable children found begging in the streets to enjoy their right to wellbeing and dignity and break the intergenerational cycle of backwardness. Through the main approaches of prevention, protection, and advocacy, Sanmaan intends to work with the right holders i.e. the children, adolescents, their families, and other duty bearers with a rights-based development-oriented approach.
